Re: Glidden, IA I-JOBS Application

I would like to recommend your consideration of the I-JOBS grant application being submitted by the city of Glidden, Iowa. Your financial assistance for this important project will be a great benefit for the residents of Glidden.

Glidden residents have experienced flooding problems for a considerable number of years. This project will deepen and connect two retention ponds and will finance construction for a dedicated pipe to Storm Creek. Currently, run-off water flows through city tile which frequently results in water backing up into residents' homes through storm water and sewer lines.

Thank you for your consideration of this worthwhile project. Feel free to call me at (712) 792-2718 if you have additional questions.

Sincerely,

RE: Glidden Stormwater Project IJOBS Request

Dear IJOBS Board:

The Glidden Development Corporation would like to strongly support of the City of Glidden IJOBS grant request.

The grant would assist in our community economic development efforts by helping to open up more areas of the city for various development projects. The project would also enhance quality of life for city residents by improving infrastructure and increasing both business and individual investment opportunities.

We would strongly encourage you to fund this essential project for the Glidden community.

Sincerely,

A handwritten signature in black ink, appearing to read "Gary Schon", is written over a light blue horizontal line.
